### Afternoon Sessions (Youth Academy)

The course is three hours long, starting at 13:30 and finishing at 16:30. However, we would ask if you could arrive fifteen minutes early at 13:15 to make sure everything is in order and that we have your disclaimer/ emergency contact detail forms filled in. The class will start at 13:30 sharp.

### Equipment

A certified cycling helmet and gloves are compulsory. Weatherproof clothing is also a necessity. As the weather is changeable please pack for every eventuality. We also strongly recommend using knee pads and any other protection that you feel would give your young rider more confidence on the day. Flat pedals are also recommended but not compulsory.

Please ensure that the bike your young rider turns up with is in full working order and is relevant for the day. For more information on what bike would be suitable for the course [click here](#). For more information on how to check that your young rider's bike is maintained well [follow this link](#). And if you need to hire a bike for the day you can contact Alpine Bikes [here](#) and mention that you're a Dirt School customer.

Your young rider will be out on the trail sectioning areas all morning or afternoon. For this reason carrying a small hydration pack is of use. Hydration is crucial for concentration and keeping energy levels up. Some food and a spare inner tube is also worth packing to avoid their session finishing early. Dirt School will not provide spares.

### Weather Cancellation

If for any reason the conditions are deemed dangerous by the Dirt School coach, you will be offered another date or a full refund. Should this happen, we will contact you as soon as possible using the details you have provided.

We look forward to seeing you soon.

Kind Regards,

Dirt School Ltd
